**Meet Safely.  
From Anywhere.  
On Any Device.**

Sangoma Meet delivers video conferencing & collaboration, securely, from anywhere, on virtually any device.

# It's So Simple. Create a Video Conference in Seconds.

## Videos Your Way

Experience enterprise grade videos for your 1:1, team call, external client meets and even training sessions, using one platform.

## Unmatched Usability

Make meetings easier with flexible start, join and collaboration, across any device.

## Join Anywhere, From Any Device

Whether you're on your desktop, mobile device, or even from the web, enjoy great video calls, over WiFi or cellular connectivity.

## Why Sangoma Meet?

Our cloud-platform uses WebRTC technology so you get a highly encrypted, secure, and best performing collaboration experience. Sangoma Meet also optimizes audio and video streams based on networks and device performance.

- Built-in collaboration tools allow multiple participants to share their screens at once and co-annotate for highly interactive meetings
- Keep your meetings safe and controlled with role-based user security, password protection, waiting rooms, mute and 256-bit TLS encryption
